1763-W	Schedule No. RCW Recycled Water Metered Service (Continued)	1050-W
1764-W	Table of Contents	1755-W

These tariffs are submitted pursuant to General Orders (GO) No. 96-B Water Industry Rules 7.3.1(7) and 8.4. This advice letter is designated as a Tier I Advice Letter.

With this advice letter SJWC requests authorization to implement surcharges to offset the increases to purchased potable water, ground water production, and purchased recycled water charges that will be implemented by SJWC's water wholesalers effective July 1, 2016 and to update associated special conditions of Schedules No. 1 and 1C for the agricultural discount.

These tariffs are submitted pursuant to General Orders (GO) No. 96-B Water Industry Rules 7.3.1(7) and 8.4. This advice letter is designated as a Tier I Advice Letter. SJWC requests that the surcharges become effective on July 1, 2016.

The present rates for SJWC become effective June 14, 2016 by Advice Letter No. (AL) 489. Currently SJWC has Advice Letters Nos. 487, 488, and 489 pending before the Commission.

Background

At its May 10, 2016 meeting SCVWD's Board of Directors formally adopted water rate increases for the 2016-2017 fiscal year, raising the purchased water rate for contract treated potable water by \$178 from \$994 to \$1,172 per acre ft. (AF) which includes the SCVWD's treated water surcharge of \$100/AF, ($\$1,072/\text{AF} + \$100/\text{AF} = \$1,172/\text{AF}$) and the ground water production charge rate by \$178 from \$894 to \$1,072 per AF (**Attachment A**). The treated water surcharge remains \$100/AF. These changes are scheduled to become effective July 1, 2016.

SCVWD's ground water charge for agricultural water will increase to \$23.59/AF which affects the agricultural discount provided by SCVWD and passed through in SJWC's tariffs. The current discount is \$2.0033/ccf ($\$894/\text{AF} - \$21.36/\text{AF} = \$872.64/\text{AF} = \$2.0033/\text{ccf}$). The discount effective July 1, 2016 will therefore increase to \$2.4068/ccf ($\$1,072/\text{AF} - \$23.59/\text{AF} = \$1,048.41/\text{AF} = \$2.4068/\text{ccf}$) (**Attachment A**). This updated discount is reflected as Special Condition 1 in SJWC's tariff for Schedule No. 1 General Metered Service and for Schedule No. 1C General Metered Service Mountain District. It is being added as Special Condition 14 in

SJWC's tariff for Schedule No. 1B General Metered Service with Automatic Fire Sprinkler System.

Changes to the rate for untreated water also affect the rate for purchased recycled water. South Bay Water Recycling, SJWC's wholesale recycled water provider, indexes recycled water wholesale rates to the rates charged by the SCVWD for untreated water, with appropriate discounts for irrigation, industrial, or agricultural use. The recycled water discount is \$105 for irrigation, industrial, and agricultural uses. Effective July 1, 2016, wholesale recycled water rates will be increased by \$178 per AF from \$789 to \$967 per AF (**Attachment A**). These changes are scheduled to become effective July 1, 2016.

The following total increase in costs, as detailed in **Attachment B**, is requested to be offset in a surcharge on all potable and raw water use:

Increase in Purchased Water	\$ 12,564,440
Increase in Ground Water Charge	\$ 8,436,748
Increase in Purchased Recycled Water	\$ 355,522
Increase in Taxes	\$ 82,115
Total Increase in Costs	\$21,438,825

As previously directed by the Commission's Water Division, the requested offset rate change will be added as separate surcharges and will not be included into the base quantity rate. Surcharges of \$0.2530 per ccf for Purchased Water and \$0.1699 per ccf for Ground Water Production Charges will be charged on all potable water usage. Surcharges of \$0.4086 per ccf for Purchased Recycled Water will be charged on all recycled water usage. These surcharges are calculated in Attachment C and are derived by dividing the increases in costs for Purchased Water, Groundwater Production Charges, and Purchased Recycled Water by the adopted potable and recycled water usage. The requested offset surcharges will result in a total increase of 6.72% in metered revenue, while the bill for the average customer using 15 ccf per month will increase \$6.34 per month, or approximately 7.03%. All surcharge surcharge and bill comparison calculations are provided in **Attachment B**.

Public notice of the offset rate adjustment will be completed by placing a notice (**Attachment C**) in the San Jose Mercury News as soon as possible. Proof of publication will be submitted to the Commission when the notification has been completed. In compliance with Paragraph 4.3 of General Order 96-B, a copy of this advice letter has been mailed to all interested and affected parties as detailed in **Attachment D**.

This filing will not cause the withdrawal of service, nor conflict with other schedules or rules.

Protests and Responses

Anyone may respond to or protest this advice letter. A response does not oppose the filing but presents information that may prove useful to the Commission in evaluating the advice letter. A protest objects to the advice letter in whole or in part and must set forth the specific grounds on which it is based. These grounds may include the following:

- (1) The utility did not properly serve or give notice of the advice letter;
- (2) The relief requested in the advice letter would violate statute or Commission order, or is not authorized by statute or Commission order on which the utility relies;
- (3) The analysis, calculations, or data in the advice letter contain material error or omissions;
- (4) The relief requested in the advice letter is pending before the Commission in a formal proceeding;
- (5) The relief requested in the advice letter requires consideration in a formal hearing, or is otherwise inappropriate for the advice letter process; or
- (6) The relief requested in the advice letter is unjust, unreasonable, or discriminatory (provided that such a protest may not be made where it would require relitigating a prior order of the Commission).

A response or protest must be made in writing or by electronic mail and must be received by the Water Division within 20 days of the date this advice letter is filed. The address for mailing or delivering a protest is:

Tariff Unit, Water Division, 3rd floor
California Public Utilities Commission,
505 Van Ness Avenue
San Francisco, CA 94102
water_division@cpuc.ca.gov

On the same date the response or protest is submitted to the Water Division, the respondent or protestant shall send a copy of the protest by mail to us, addressed to:
